INTRODUCTION

Recovery Shot's 3rd Annual Healing Through Golf Tournament stands as a testament to the transformative power of the sport in fostering physical, mental, and emotional well-being. This event serves a dual purpose, not only as a thrilling competition for golf enthusiasts but also as a means to make a meaningful impact on individual lives and in the community.

The tournament's primary focus is to generate proceeds that directly support Recovery Shot's therapeutic golf programs, giving free access to the game and its many life-changing benefits to people facing daunting life challenges. From our program for those in recovery or living with a debilitating condition; to veterans suffering from PTSD or disabilities as a result of their service; to under-served youth with no access to the character building aspects of the game - we're determined to give them all their "recovery shot". Recovery Shot helps others get out of the rough and back in the game through golf. Jack Nicklaus called it the greatest shot in golf. We agree with Jack. Recovery Shot believes that the sport goes beyond the fairways, becoming a vehicle for healing, empowerment, and community enrichment.

OUR ORIGIN

Recovery Shot was inspired by the real-life story of two men; one, a stroke victim who struggled for years with conventional therapy; the other his great friend, who knew that there would be no better therapy than the game of golf. He promised to get his buddy back out on the course and play 18 holes within a year. It took two years, but the promise was fulfilled and today, that stroke victim, our co-founder Dennis Leoni, is back in the game, thanks to his buddy, Robert Herschbach, and the game of golf. Recovery Shot was founded to give others the beautiful gift that Dennis was given.

OUR MISSION

To provide the therapeutic game of golf at no cost for those in recovery from injury, illness, or trauma or who have special needs or abilities and to create, sponsor and support golf programs and activities designed to reach underserved or marginalized communities with no access to the many life-changing benefits of golf.

YOUR SPONSORSHIP GIVES THE GIFT OF HOPE TO SO MANY

ON-COURSE BUDDY GOLF PROGRAM HEALING BEGINS WITH A CHANCE TO TRY

VETERANS GOLF PROGRAM

Partnered with the Spanish Hills Club

To the most deserving men and women amongst us, we thank you for your service and sacrifice. We proudly sponsor a golf program for our veterans suffering from physical, mental, or emotional challenges to help them find peace of mind and improved health and well-being. It's amazing what fresh air, friendship and the light exercise of golf can do.
